

## Ethan's Birthday - June 13th

On my 7th Birthday I decided to ask my friends and family to bring to my party, instead of presents, a donation for the Genesee County Animal Shelter/Volunteers For Animals. Because of their wonderful generosity, I am happy to make this donation to help all the animals that you care for. In August of 2005 my family adopted our dog, Tigger, from your shelter, and I hope that this donation helps many more dogs and cats continue to get awesome care and find homes and families of their own. Thank you for all the work you do!

Sincerely,  
Ethan Cameron Long

Ethan and his friends and family brought in lots of cat and dog food, treats, cat litter, and toys for all the animals at the Shelter. They also donated \$206! Wow - what a great surprise and such a thoughtful little boy! His mom said it was all Ethan's idea. Needless to say, his parents are quite proud of him. And we are quite appreciative of his thoughtfulness of the animals.

***Thank you Ethan and all of your family and friends!***
